Up-to-date telephone arrangements and services put more comfort and convenience in the home and more speed and efficiency in the office. A few of these convenient time-saving telephone facilities are listed below:

Telephone Systems
For communicating inside the home or office as well as outside, from the same telephone instrument—the last word in telephone convenience.

Telephone Typewriters

Portable Telephones
Which plug into telephone outlets making available telephone service in any room or part of the premises desired.

Secretarial Plans
So that calls for persons absent or busy may be answered from the secretary's telephone. Additional features of holding and transferring calls may be provided.

Telephone Order Tables
For speeding the work of order takers and contact people who must talk to a large number of customers and prospects every day.

For complete particulars on these or other telephone services, just call the Telephone Business Office.

Why let distance keep you apart?

Next to a visit in person, a telephone trip to those away from home brings more pleasure than anything else.

It costs so little—yet means so much. Special reduced rates to most places after 7 P. M. and all day Sunday.

GUILTY?
Is there one of us who doesn't owe a letter—to someone—some place . . . ?
If we plead guilty, let's pass an easy sentence on ourselves, telephone that overdue letter—instead of writing!
It's much more satisfying and costs so little, especially after 7 P. M. and all day Sunday when reduced rates are in effect to most places.

Portable Telephones
Which plug into telephone outlets making available telephone service in any room or part of the premises desired.

Secretarial Plans
So that calls for persons absent or busy may be answered from the secretary's telephone. Additional features of holding and transferring calls may be provided.

Telephone Order Tables

If NO ONE ELSE HAD A TELEPHONE you would need neither a telephone nor telephone directory advertising.

But when thousands of people in this city do much of their buying by telephone and depend upon the Classified Telephone Directory to tell them where to buy, you'll find your sales message before them all the time will make your telephone pay dividends. Try it.

A **New Way**
TO GET
TOGETHER

How would you like to talk to as many as [illegible] persons in the same or in different towns over one telephone connection? If you wish to conduct a business conference or just get the family together on an important holiday occasion, it can be arranged as easily and conveniently as though everyone were seated around a table. Just call or dial Long Distance and ask for the Conference Operator. She will quickly arrange to connect your telephone with those of the other members of your conference. It is as easy to use as regular long distance service. Ask the Conference Operator to quote you rates.

Communication Services
FOR THE MODERN HOME OR OFFICE

Up-to-date telephone arrangements and services put more comfort and convenience in the home and more speed and efficiency in the office. A few of these convenient time-saving telephone facilities are listed below:

Telephone Systems
For communicating inside the home or office as well as outside from the same telephone instrument—the last word in telephone convenience.

Telephone Typewriters
For flashing over telephone wires written messages between various branches, factories, or office departments whether in the same building or across the continent.

Portable Telephones
Which plug into telephone outlets making available telephone service in any room or part of the premises desired.

Secretarial Plans
So that calls for persons absent or busy may be answered from the secretary's telephone. Additional features of holding and transferring calls may be provided.

Telephone Order Tables
For speeding the work of order takers and contact people who must talk to a large number of customers and prospects every day.

For complete particulars on these or other telephone services, just call the Telephone Business Office.

Here's a Service that *Speeds* Business

If you have need for swift, written intercommunication in your business, you can profitably use Teletypewriter Service.

A large coal company saves time by using "teletype" to dispatch orders to branch yards in various parts of the city. A chemical company—for sending order numbers and details from warehouse. A brokerage house—for transmitting orders and instructions from one branch to its main office in a city several hundred miles away.

These are just a few of the ways business houses in all parts of the country are using the "teletype" to speed business and give better service to customers. There are two kinds of Teletypewriter Service: Private Line—where two or more machines are permanently connected; Exchange Service—where the machines are connected through a telephone central office in similar manner to the connection of one telephone with another.

OUTSTANDING FEATURES

Availability . . .	Teletypewriter "central" will connect any subscriber in the United States to any other subscriber.
Speed	Connections are fast—comparable to the telephone.
Two-Way Service	Subscribers can type back and forth on the same connection.
Accuracy . . .	The copy received is identical with that transmitted.
Simplicity . . .	Any competent typist can operate it.
Privacy . . .	Communication is direct between sender and receiver.
Flexibility . . .	Letter sized paper or your own forms can be used. As many as six copies can be made in one writing.

For further information, call the Business Office (Dial 811)

Avoid worry, loneliness. Telephone home. You'll enjoy it. Try it tonight—it's inexpensive, too, especially with reduced rates to most places after 7 p.m. and all day Sunday.

IF NO ONE ELSE HAD A TELEPHONE

you would need neither a telephone nor telephone directory advertising.

But when thousands of people in this city do much of their buying by telephone and depend upon the Classified Telephone Directory to tell them where to buy, you'll find your sales message before them all the time will make your telephone pay dividends. Try it.

EXHAUSTED *from Shopping?*

It shouldn't be necessary — *It's downright foolish!*

Wandering aimlessly about trying to locate the things you want — and yet so many of us do just that. But there is a better way — a way thousands of shrewd shoppers have been using for years and hundreds have been adopting daily — Consult your Classified Telephone Directory and there, under the appropriate heading, are listed the outlets of just the things you want — and it's all done in a flash too.
